

AllTrec 4810T

AllTrec 4810T Tool carrier

The solution for emission-free maintenance of green spaces.

Alltrec Tool carriers are versatile machines that can be used with several different attachments, making it perfect for cutting grass, controlling weeds, brushing or cleaning.

It has no CO₂-emission and distinguishes itself through the minimal sound it produces, the large action-radius and low operation & maintenance costs.

This tool carrier is ideal for environmentally friendly maintenance of green open space in multi-use sport complexes, urban areas, around schools and businesses and in campsites, holiday resorts and theme parks.
