

100% ELECTRIC

# AllTrec 8015F

## AllTrec 8015F Tool Carrier

*The solution for emission-free maintenance of green spaces*

AllTrec tool carriers are versatile machines that can be used with several different attachments, making it perfect for cutting grass, controlling weeds, brushing or cleaning.

It has no CO<sub>2</sub>-emission and distinguishes itself through the minimal sound it produces, the large action-radius and low operation & maintenance costs.

This tool carrier is ideal for environmentally friendly maintenance of green open space in multi-use sport complexes, urban areas, around schools and businesses and in campsites, holiday resorts and theme parks.

For professionals

New opportunities

Environmentally  
friendly

Comfortable

# Unique features

## Internet of Things (IoT) Connectivity

- More insight into use
- Intelligent monitoring for preventive maintenance
- Ability for GPS tracking
- Immediate improvements and fast decisions with remote diagnosis
- And more!

With IoT, an enormous amount of data and therefore knowledge is within reach. This offers great advantages for you and for us!

## Optional Cabin

### Cabin including:

- Air conditioning & (seat) heating
- Bluetooth radio
- USB power
- Integrated work and alarm lighting
- Windshield wiper with washer
- Rear window can be opened completely
- Two full glass doors with a gap position

The 8015F can be equipped with **ROPS** or **cabin**.  
Whichever version you choose, you are assured of a comfortable and ergonomic workplace, with the freedom of controlling attachments and drive direction with Joystick or Fingertips.

# Innovative, high-quality and maintenance-friendly

## All Wheel Drive & ATC system

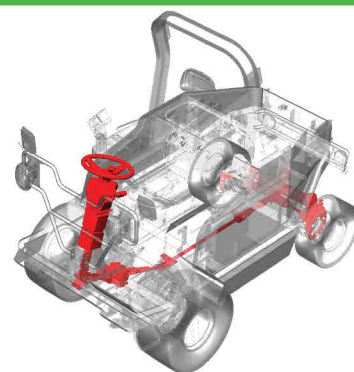

**Advanced Torque Control** specially developed for the 8015F. This ensures maximum grip and good manoeuvrability, but above all great handling and power delivery in the different conditions that users may encounter during work.

## Electric Powered Assisted Steering (EPAS)

The modern standard in automotive.  
A first in our industry.

- Efficient
- Programmable steering characteristics
- Maintenance-free
- Quiet

# AllTrec 8015F

## TECHNICAL SPECIFICATIONS\*

### DRIVE

Type of drive	Electric
Traction system	Individual wheel motors with ATC Standard front wheel drive AWD optional
Speed	25 km/h forwards 10 km/h backwards

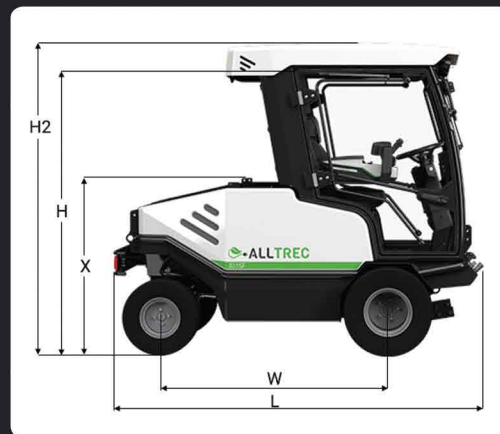

### BATTERY

Machine voltage	80VDC
Battery technology	LiFePO4
Capacity	34 kWh / 50 kWh / 67 kWh
Charging	10kW Onboard charger (4 – 8 hr)

### DIMENSIONS AND WEIGHT

Length [L]	2500 mm
Wheelbase [W]	1560 mm
Height [H]	2150 mm with cabin
Width [B]	1420 mm
Track width [S]	1100 mm
Height plateau [X]	1200 mm
Weight full option	1385 kg (34 kWh) 1520 kg (50 kWh) 1630 kg (67 kWh)
